7. Information Item(s):

A. Placer County Recycling Program

The Materials Recovery Facility (MRF) assists Placer County jurisdictions with achieving state mandated waste diversion goals while achieving an economy of scale for material diversion and providing uniformity in waste diversion and recycling programs. It was designed to: 1) recover recyclable materials from mixed waste; 2) process green and wood wastes for composting or biomass; 3) receive and process source-separated recyclables, and 4) provide for receipt and recycling/disposal.

One Big Bin – a collaborative effort of the cities of Auburn, Colfax, Lincoln, Rocklin & Roseville, Town of Loomis, and their waste haulers to spread the word about the ease of recycling in Placer County. One bin allows Placer County residents and visitors to easily and conveniently recycle – anywhere and everywhere in the county – allowing everyone to participate in recycling. One bin also makes it easy for us – you toss, we sort – which means we are able to easily remove recyclable materials based on market demand and you don't

have to worry about what goes into which bin, which can often change as recycling markets fluctuate. One bin also means fewer bins to pick up so there are fewer trucks on the road.

B. Countywide Park & Trail Master Plan

Placer County has strong health indicators and has access to recreation that supports the ability to maintain community with opportunities for partnerships. The top activities of participation in the last 12 months are as follows:

Walking (89%) Hiking (78%) Enjoying nature (77%) Visiting a beach (65%)s Swimming (61%) Accessing backcountry trails (53%) Cycling / Mountain biking (51%) and Dog walking (50%)

Top reasons that prevent more use in over 20% of respondents indicated the following items presented more use: Trails don't connect to where I want to go (25%); No parking available (24%); Beaches are overcrowded (24%) and Trails are crowded (23%).

Priority countywide improvements are: paved and dirt trails; connected trail system; bicycle skills course / pump track and better mapping and way finding.

Next Steps:

- Implementation & Finance Plan – Spring 23018 (public input and Board input);
- Draft Master Plan – Summer 2018
- Environmental Review – Spring 20-18 – 2019
- Final Master Plan – 2019
- General Plan Amendment – 2019

C. Review of Rental Process for Stewart Hall

The county is implementing a new online reservation system. The county will be taking over the reservation and walk throughs at Stewart Hall for events. It is hopeful that this will be up and running in the coming months.

D. Regional Bikeway Master Plan

The Community Outreach was launched in June 2017 which include:
Direct email and social media campaign and Virtual Community Outreach.

Classifications of Bike Lanes

- Class I – shared use paths
- Class II – Bike lane
- Class III – Bike Route
- Class IV – Separated bikeway

Framework recommendations include: Needs and demands; mode share – commuting to work by bicycle; location of community destinations; popular recreation routes; collision history and transit access. Bikeway network in West Placer County includes:

- Community connections: Sheridan and Lincoln; Lincoln and Roseville and Lincoln and Auburn;
- Regional Connections: To Yuba County via Old SR 65 corridor; City of Folsom and American River Parkway;
- Recreational Routes: To Hidden Falls.

Next Steps:

- Community Outreach – MACs; Public Input; Regional Bicycle Steering Committee and coordination with City Staff – April
- Refine Recommended bikeway network – April
- Release Draft Report – May
- Accept Draft Report - June
